Our new semester starts on Monday. Most students will change encores and have the opportunity to experience something new!

Year-long encores are band, choir, and PE (for those who selected PE prior to the start of the school year). All other encores will be assigned at random to provide students with a variety of experience levels.

Some students will be offered a success strategies course determined by the December i-Ready data.

## Advance Math Placement

As a reminder, students who are transitioning into advanced math for the second semester will start next Monday (January 17). Communication has been sent out to the parents of those students, and also can be viewed in the student's PowerSchool account.

Data from the August and December i-Ready results, 2021 M-STEP data, and first semester grades is used to determine which students are eligible for advanced math.
